# PROVIDING SPECIALIST DEMENTIA CARE IN A SUPPORTIVE ENVIRONMENT

## Welcome

**Laurels Lodge is a purpose-built care home situated in the charming Woodside area of Aberdeen, offering an exemplary standard of nursing, residential, dementia and respite care.**

We are very proud of our reputation for delivering excellence in dementia care. The team at Laurels Lodge are dedicated to fostering a sense of home and belonging for all residents, which means we take the time to understand our residents' needs, likes and dislikes, and to create important keepsakes such as memory books.

Spread across four units, Laurels Lodge has comfortable en-suite bedrooms, a library and quiet lounges to relax in plus a fantastic Sweetie Shop and Pub – which are hugely popular with both residents and visitors alike! Surrounded by trees, our gardens feature raised flower beds and seating areas that are available all year round for residents to enjoy.

---

“Laurels Lodge is a home from home. The staff are extremely friendly and caring and I would class them as my extended family.”

# LIFE AT LAURELS LODGE IS RELAXING, WARM AND WELCOMING

Our aim at Laurels Lodge is to create a warm and homely atmosphere where our residents, and their friends and family, will always feel welcome, safe and respected.

When it comes to care, our dedicated team members strive to make a positive difference in the lives of our residents on a daily basis. Our approach is a personal one, tailored to each individual, focused on your health, wellbeing and interests.

We have a wide range of premium facilities available as well as a stimulating activity programme that our residents are encouraged to get involved with. Activities include flower arranging, arts and craft sessions, quiz nights and tea parties. As well as

fun events in the home, entertainers often come and visit us too.

We know a lot of pleasure can be derived from a delicious meal or snack which is why food and dining are at the core of some of our most joyous experiences in the home.

Residents are encouraged to invite their loved ones into the home for lunch, dinner and even breakfast so that meal times offer the same opportunities for socialising as they would have done throughout each individual's life.

“The dementia unit is wonderful. Laurels Lodge is the best.”

*Husband of a Resident*
